

# The ExHaminar

## Oct. 2020 to Feb. 2021

### President Report

Becky with Foster Pig Baron

Hello SCAMPP family and friends.

I hope this finds you all well and safe. I know it has been a long time since we have sent out a newsletter. 2020 was a difficult year for my family. It was full of life changing events. The Pandemic has forever changed most of us and at times it seems as if some are barely able to keep their heads above water. In May of 2020, I lost my father followed 4 weeks later with the loss of my cat, 2 weeks after, my uncle passed and just last week the loss of my dog. I am blessed to have my parents live across the street from me and I am grateful that my daughter and I can be so near my mom as we all try to figure out our new "normal". Working as a nurse during this last year has been humbling. I have a newfound respect for my coworkers and value what every one of them has contributed this last year. The days were long and at times never ending. The one constant thing that did NOT change was the number of pigs that were still needing to be re-homed or dumped in shelters.

We are currently in crises mode. All rescues and sanctuaries have been hit hard and all are at maximum capacity. The Pandemic has taken a toll on so many families and has left so many out of work. The rescues and sanctuaries are not only out of space, but they are also out of resources and the donations are just not as they had been previous years. Pigs are coming into the shelters at alarming rates and little time is being given to place these pigs. As soon as the stray hold has expired, their time is up, and they are immediately red-listed. On the rare occasion that a spot does open for placement, the funds are just not available. I am blessed to be able to network with a very dedicated group of people that have somehow managed to pull off some amazing rescues and placements. SCAMPP will continue to help where we are able to do so, thanks to all of you that have renewed your memberships and donated. You are appreciated. Your donations covered the entire costs for 6 piglets that somehow were abandoned in a backyard to be spayed and neutered (see article on page 13)! That is truly awesome. We could not possible do what we do without all our SCAMPP members. It takes a village.

Becky's pigs Oogie and Archie

As things continue to settle down and we all adjust to our new normal, I look forward to resuming some of our SCAMPP activities. I know we all missed the annual Pigma's Party. Peggy has always done such an amazing job. We did hold our annual elections virtually this year and would like to welcome our two new additions to our 2021 SCAMPP board; long-time member, Tori Pierce and the return of previous board member/President, Karrie (KC) Casada. Your 2021 SCAMPP Directors are listed on Page 2.

Hopefully, we will be able to continue to move forward in our efforts to educate our communities and assist rescues and sanctuaries to help provide the best possible lives for all pigs. ~ by Becky Atwood, 2021 SCAMPP President

Becky and Oogie

# Announcements

## Renew Your Dues

SCAMPP Membership Dues run from January to December and are to be renewed in January of each year. Therefore, it's time to renew your dues for 2021 if you have not done so. You may fill out the form on the back of this newsletter and send your dues now, OR you may renew or apply as a brand new member online at: <http://scampp.com/MembApp.html> **NOTE: a new Membership Form has been added to the webpage and is now more user-**

**friendly. Please try it out! You can pay your dues via Paypal or Debit/Credit card. General Membership Dues are \$30 per year or only \$15 per year if you've been a member for 15 consecutive years or more. Once you pay, don't forget to fill out the membership form also!**

Membership is not required to attend our meetings and events, but if you would like to have voting privileges and be on our SCAMPP newsletter mailing list, you must be a member by paying your dues. If you have already paid, **THANK YOU!!**

Some of our recipients are complimentary newsletter recipients (such as: veterinarians, hoof trimmers, rescue sanctuaries, special donors, etc), so if you are not sure if you need to pay dues for this year, or if you are not sure you have already paid, or have any questions, please E-Mail [info@scampp.com](mailto:info@scampp.com)

## Election Results ~ 2021 Officers and Directors

Nomination and Voting Ballots were sent to all members at the end of 2020 for members to vote for Officers and Board Members for 2021. Here are the election results:

**President:** Becky Atwood

**Vice President:** Peggy Wimberly

**Secretary:** Jody Filkins

**Treasurer:** Megan Tavallodi

**Directors:** Lynda Dykes, Karrie Casada, Tori Pierce

All were on the Board last year except Karrie Casada and Tori Pierce. **Welcome Karrie and Tori!!** Karrie has been a SCAMPP Member since 2010. She served as SCAMPP Board Member during 2011, then served as SCAMPP President during 2012, 2013 and 2014. Tori and her two kids, Ben and Maddie, have been SCAMPP Members over 20 years. Professionally Tori is an International Flight Attendant (36 years) but is currently on a 15-month leave, so she is finally able to commit time to serve as a new SCAMPP Board Member. It is the hope of these Board Members to help SCAMPP grow and thrive, with the help of all members involved.

<b>Begin 2020</b>	<b>1548.45</b>
<b>Income</b>	<b>+2402.89</b>
	<b>3951.34</b>
<b>Expenses</b>	<b>-1629.53</b>
<b>End 2020</b>	<b>2321.81</b>

Since SCAMPP is a non-profit organization, SCAMPP is required to prepare an Annual Year-End Financial Report and notify the membership of the financial status of the organization via our Annual Year-End Financial Report. In addition, per our bylaws, any member shall have the right to inspect the books and records at any time, upon written request. To your left on this page, are the total income and expenses during the year 2020, ending Dec. 31, 2020.

In the past, SCAMPP has done up to 24 events per year. But, over the last few years, our number of events have been reduced from 7-13 events per year due to many of our major annual events being canceled.

However, the number of events during 2020 was totally different, with only 2 events, due to the Corona Virus Pandemic and Shutdown! The Mary S. Roberts Pet Adoption Center's Summer and Winter Animal Kids Camps are the only 2 events we did last year and those were done via remote video.

Our events are important because they allow our SCAMPP members to mingle with the public to promote SCAMPP and encourage membership in SCAMPP, to educate the public about the proper needs & care of potbellied pigs, to promote adoption of potbellied pigs, to raise donations to help with rescue, transport & medical needs of rescued potbellied pigs, and to allow the public to see and touch potbellied pigs and experience the fact that these precious pigs can be great pets.

Financially, last year, due to very little public exposure, less income in donations that would have come from events, along with not being able to hold our Christmas Party that helps by bringing in funds from our Annual Christmas Party Fundraiser, SCAMPP's annual income was quite a bit lower than in years past. However, SCAMPP's annual expenses were quite a bit lower due to less spent on newsletter printing and less spent on event expenses, but our ending bank balance was increased slightly from the previous year.

If you have any questions, please contact Peggy Wimberly, 2020 SCAMPP Treasurer at [peggy@scampp.com](mailto:peggy@scampp.com)

# Winter Animal Kids Camp

## Monday, Dec. 30, 2020

### Mary S. Roberts Pet Adoption Center, Riverside, CA

Animal Kids Camp is day camp for kids who love animals. The Mary S. Roberts Pet Adoption Center in Riverside, CA offers camp in the summer and during the local winter and spring breaks. If your kids want to spend time with animals and learn even more about them, this camp is for them! Kids spend hands-on time with the pet adoption center's cats, dogs, puppies, and kittens. Kids learn fun and new facts about all kinds of animals. Kids also partici-

participate in animal-themed crafts, activities, and games. Kids hear from fantastic guest speakers who work with animals. And kids make new friends who love what they love - the animals, of course! Animal Kids Camp's goal is to provide a camp experience that is educational, fun, and safe. Due to Covid-19 during this December of 2020 Winter Camp, campers were limited to a cohort of 14 campers, continuing their already vigorous cleaning protocol, frequent sanitizing & handwashing, and social distancing when possible. Staff, volunteers, presenters, and campers were required to wear face coverings at all times except during snack and lunch time.

On Wednesday, Dec. 30, 2020, SCAMPP participated in a virtual (video) presentation to the kids at The Mary S. Roberts Pet Adoption Center in Riverside, CA, for their Winter Animal Kids Camp program. SCAMPP member and treasurer, Megan, led a Pig Painting lesson from her home. Em Atwood conducted a virtual tour and showed the kids what it was like to live with 4 indoor pigs, and Jody, our secretary answered all questions and showed off all the tricks Gunnar and Baron have learned. We know the kids miss having the pigs visit in person as we always did before Covid-19, but they seemed to really enjoy the painting session and see the video how the pigs actually live at home. ~ continued next page ~

# Welcome New Board Member

~ by Tori Pierce ~

Tony, Ben, Maddie and Tori Pierce

Hi Pig Pals,

I became a "SCAMPP'er" over 20 years ago. I believe it was at a SCAMPP event at "Walk with the Animals" where I met Peggy and Bobbie.

I've always had a special spot for pigs and have said I was going to get a pug or a pig, give or take a vowel, after college. I didn't get a pig until I was married and could legally have one. His name was Gip; pure white with blue eyes. After he passed, I adopted Gus. A couple of years after Gus passed; Willy and Henry came to live with us in June 2019. I never purchased a baby pig after Gip, just continued adopting adult pigs.

My kids don't know a life without pigs or animals. We have 3 horses, 4 dogs, 1 cat and 2 pigs. And a flock of wild birds I feed in the morning.

I have been a flight attendant for 36 years now. My initial base out of training was NYC. I learned that horses in NYC also live in high rises. I married my Junior High crush (Tony) in 1988.

Willy and Henry

He is 4 years older than me, not a big deal now, but back then he thought of me as a little kid. I told my parents that he was the one I was going to marry.

We have two kids (Ben and Maddie); one in College and the other in High School. I enjoy being outside; hiking, snowshoeing. I'm going to give crocheting and knitting another try. The ball of yarn usually ends up as a dog toy out in the yard and my husband saying "there goes my sweater".

I'm looking forward to being a part of SCAMPP as a board member. Hopefully I'll be able to give back what this group has given to me throughout the years. ~ by Tori Pierce ~ *continued next page* ~

# Welcome New Member

~ by Alan Cooper ~

The Family

When my girlfriend (now my wife), decided it was time for us to take the next step in our relationship and move in together, I responded as all men do when confronted with this monumental question: "Okay, but I'm getting a pig". There was no further discussion, no debate about dogs or cats: it was pig or bust.

The first day we brought our first pig, Panda, home I came to realize was one of the best days of my life. We picked him up from the airport. He was tiny (about 12 pounds), had pooped in his crate, and sporadically oinked as we drove him home. He was understandably scared, but ate out of my hand. That night my wife worried that Panda was too big of an undertaking, that we could not take care of a pig. I, however, was confident. Over the next few weeks, I bonded with Panda. I brought him to work as many days as possible so that he was rarely alone. He explored the office, met and bonded with my coworkers and sometimes even snuck a nap or two when we could.

He tipped over trash cans and stole food. I was in love.

Soon after we adopted Panda, I started thinking about us adopting a second pig. I desperately wanted to rescue a pig because there were so many in shelters and I thought it would be good for Panda to have company. We reached out to Saving Animals and Healing Hearts and waited to hear on a pig in need of a home.

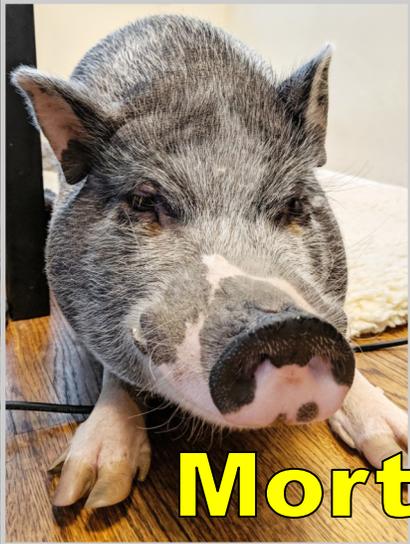

On a warm Saturday afternoon, Becky Atwood of SCAMPP brought Morty to our home. She told us that he was rescued from a home where he was left on the porch. The poor boy had never seen grass and possibly did not have enough to eat. When we unloaded him from the car he was scared to walk on the grass and tiptoed carefully around our yard. We bathed him, introduced him to his new bed and his home. Eventually, he got comfortable, and then he saw Panda (in his pig pen). They growled at each other, stared at each other and pooped. A sibling rivalry was born that exists to this day.

Over the next few weeks, as Morty tried to acclimate to his new surroundings, I noticed that when I would play and cuddle with Panda, Morty would watch from a distance. It was then I realized that Morty desperately wanted to be loved, but was afraid to open up to us. My wife and I spent extra time with Morty to make sure he felt loved and safe, too. On the day we moved into our new home, we moved Panda first into the new house. We brought in Morty in the second ten-minute trip to the house that same day. Morty laid on my lap in the back seat of the car, tears rolling from his eyes. My wife and I believe that this was due to Morty being passed from home to home (we think we were his third or fourth home), and he was scared to be abandoned again. Our hearts swelled thinking of Morty's past trauma but also knowing he was with his forever home.

Morty and Panda have thrived during the pandemic as my wife and I each work remotely from home. Typically, Morty and Panda (who still do not get along) fight over who gets to lay at my feet while I work, and who gets to be at my feet when I watch television. Every day I wake up to those two faces and make sure they know how loved they are. Panda and Morty made this pandemic bearable and when I look at them my heart surges with love. I could not imagine my life without Panda and Morty. They may misbehave at times, tip their water bowls, and dig up my grass, but when I look into their sweet eyes, I know it is all worth it. ♥ ~ by Alan Cooper

# Welcome Back as Board Member

~ by Karrie Casada ~

## Karrie

Hello fellow SCAMPP members!

For those that remember me, it has been awhile. For those that do not, I am a newly elected board member.

I joined SCAMPP back in 2010 and was a Board Member in 2011. I was the President of SCAMPP for 3 years, 2012-2014. I also used to run The Piggy Pen, Vacation Boarding for Pet Pigs, until we closed it in 2017.

Over the last few years we have lost a lot of our older rescue pigs to health issues but adopted a few new ones. Currently we have 7 pig kids. You may remember **Olive** and **Scarlette O' Hammy** - they both went to a lot of SCAMPP events. They are happy and healthy.

We also have **Winnie**, the Royal Dandy "World's Smallest Pet Pig" we adopted in 2012, **Rodeo** we rescued in 2013, and **Winston**, who was "dumped" when he was boarded at The Piggy Pen in 2014. Then there is **Petunia**, he's a long time boarder & basically part of the family, he's Scarlette's fence neighbor. Our newest is **Kai**, a KuneKune that we rescued in 2017.

I have remained active in the pig rescue world, mostly on-line. I have continued to do some transports and help with spays and neuters behind the scenes. I still collect blankets throughout the year and give them out in November and I still collect pumpkins for the piggies to give out.

Perhaps the biggest change is that I got married to my beautiful wife Maren in March 2019. Prior to meeting me, she had never met a pig. She jumped right in and I knew she was special when my old boy Pepe', who didn't trust anyone, walked right up to her. They had a close bond. Sadly, we lost Pepe' in 2015.

## Rodeo & Kai

There are a lot of new faces in SCAMPP! And it is always nice to see those folks I haven't seen for a while.

I am looking forward to getting back in the saddle and getting caught up on all the great things SCAMPP has been doing over the last few years.

~ Oink, Karrie Casada

# Wimberly Update

~ by Peggy Wimberly ~

## MY INTRO IN CASE YOU MISSED IT!

Hi, my name is Peggy Wimberly. I have been a member of SCAMPP for 30 years, since 1991 shortly after SCAMPP was formed. Currently and for nearly my entire time with SCAMPP, I have been a Board Member, Secretary, Treasurer, Newsletter Editor, Main PR person, Event Coordinator, Webmaster, and in charge of the SCAMPP Booths at our events and bringing all the booth paraphernalia to our past events. I got my first potbellied pig, KoKo in 1991 and that's when I found out about SCAMPP. KoKo passed away in 2004 at 12 years of age. I rescued a baby girl pig in 2001; I named her Dora because she was "a-DORA-able." ☺ She passed away in Dec. 2018 at 17 years of age. In 2004, I rescued a 10-year-old male pig, named Wilbur, from a shelter; he passed away in Jan. 2018 at around 24 years of age. So since 2018, after having potbellied pigs almost 28 years, I have been pig-less but have stayed involved in SCAMPP because I care about its mission and the many members I have come to know, including those I know only through correspondence.

KoKo

Dora

KoKo was from the original line of registered 1990's Vietnamese Potbellied Pigs

## LAST NEWSLETTER UPDATE IN CASE YOU MISSED IT!

Our Property before clearing

In July last year (2020), my husband and I made a trip to Florida to look into moving there. We didn't like any of the homes we saw, so we ended up buying land with plans of having my husband's brother build us a brand new home. My husband's brother has been a home builder for over 30 years and lives in Punta Gorda, Florida. We purchased land in Port Charlotte just about 10-15 minutes from where his brother lives. So, in September last year (2020), we packed up and moved to Port Charlotte, Florida. It was hard for me since I'd been very involved in SCAMPP for almost 30 years, I also served at the same church for over 40 years in Children's Ministry teaching Sunday School every Sunday, and my husband and I were very involved in helping Southern Gospel artists during their concerts helping with loading/unloading their equipment, set-up and tear-down of their equipment, product tables, and PR of their concerts. However, in March 2020, everything shut down and/or canceled due to the Corona-

Virus, which made it easier for me to agree to move. We sold or gave away almost all our furniture and appliances and threw out so much stuff that had accumulated over the past 20-40 years, and left with only one moving van. We are renting a great fully-furnished rental home while submitting all the paperwork (architectural drawings, permits, etc) awaiting to clear the land to start building. The land (1 and 1/4 acres) is nothing but trees, trees, and more trees.

## NEW UPDATE!

My husband and I in Beautiful Florida ☺

Well, we have been in Florida since September 2020. It is now February 2021 and we just got the final permits all approved to start clearing the land to start building! It will take 6-8 months to build the home and be able to move into. In the meantime, we have been very busy planning, shopping, and picking out all new furniture, appliances, flooring, countertops, shower and tile colors/designs, and a ton of other fixtures that most people generally take for granted, but we will need EVERYTHING since we are starting from scratch. The home will be more than double the size of our California house, plus my husband will have a separate 2400 sq. ft. garage/workshop. You may wonder why do just the two of us need such a big house since we have no kids - well, we do still support our California gospel singing artists and want to have room for them (and friends) to stay if/when they come to Florida to visit/sing (will also need RV & Bus parking). We have also been very busy attending our Southern Gospel & Country Gospel concerts out here (sometimes 3-4 concerts per week). We did not have any family out in California, but my husband and I both have family members out here. We love the weather out here and being near the

water. We have no animals because there is quite a bit of wildlife out here. None of the wildlife has bothered us, but since we are renting, we cannot have animals at our rental. And no, we haven't had any encounters with alligators yet. There are wild hogs in many areas, which I feel sorry for, but I won't bring any home for pets ☺! I was elected SCAMPP Vice President for 2021, so I'll still be involved as much as I can from a distance. Until next time, I hope you all stay well & safe from the Corona Virus. ~ by Peggy Wimberly

My sister and I ~ We went fishing ☺

# My Sincerest Thanks to SCAMPP

~ by Kristi Cox ~

To SCAMPP and all of its members, Here's a little story, and it goes like this. On Sunday, December 13, 2020, I left my house as a proud 4-pig mama, to go horseback riding in the mountains. Remote enough to not have cell phone reception. At the end of the day, rushing to get home to make it for feeding time, I get to the freeway and cell reception only to get a message that reads "GOT PIGS?" I immediately called my daughter to ask if she knew what that meant. She informed me that an acquaintance of ours had dropped off 8 piglets for us. Apparently he was under the impres-

sion that we wanted to be 'pig farmers.' I arrived home to five boys and three girls, Kune/Potbellied mix piglets about 10 weeks old. I left for the day a 4-pig mama and came home to a much larger pig family of 12.

We quickly built separate enclosures for the boys and girls as I was informed that they could get already become pregnant at their age. We immediately accepted full responsibility without hesitation and began the journey to responsibly caring for these new additions. These piggies deserved to be properly taken care of and shown the love that our other pigs got daily. They quickly went from eight frightened piglets to affectionate little members of the family. WE LOVE OUR PIGGIES!!!!

Fast forward to December 30<sup>th</sup>. I received a message from Brittney Whisel, from Penelope's Purpose - Pot-Bellied Pig Rescue & Sanctuary. Brittany had previously blessed me with a bonded pair from her rescue. She has given me great advice and also pointed me in the direction of a lady who was interested in adopting one of the piggies. I made the call to this amazing lady, Sally. Sally came with her husband to meet the piggies and adopted our very chunky little girl, which she named Dottie.

Our communication didn't end there. Sally became invested in helping me along to find homes for the piggies. But first, they all needed to be spayed/neutered.

Along came SCAMPP!!! My first phone call was from Karrie. She inquired about the piggies story and the ball was rolling. Sally was involved with this amazing organization in the past and must have had a feeling that they would be a good fit for this situation. Karrie then put me in touch with Jody. Now the lines of communication were open with SCAMPP and the piggies lives were headed in the right direction.

I made some calls to get information on the spay/neuters and the best price and recommended vet happened to be in Jurupa Valley, at Pedley Square Veterinary Clinic. Jody informed me that SCAMPP would like to step in and pay for the piggies to be spayed/neutered. WOW!!!! All I had to do is make the appointment and transport them to the vet.

I made the appointments, 3 piggies at a time, two weeks in a row. Up at 4:30am to make the trip with sleepy piggies to Riverside from San Diego.

We are so grateful for the amazing communication and treatment that was provided by SCAMPP. They went over and above what they pledged for the care and treatment of these "dumped" piggies. The entire bill paid for all six pigs.

I can't thank SCAMPP enough for everything they have done. It was such a relief to have all of you rally behind the care of these pigs. Thank you Jody, Karrie and Becky and all of the SCAMPP members and supporters for all you have done. Oh, and a special thanks to Karrie for her more than generous donation. The pig community is blessed to have you. It takes a village!!!! SCAMPP made my mission their own. My promise to SCAMPP will be to bring more members who share the same goals. We both want to spread awareness to the community about the importance of care and spaying and neutering these low riders. Together we can make a difference and create better lives for more pigs. ~ Sincerely, Kristi M. Cox

**DISCLAIMER:** SCAMPP is a 501(c)(3) Non-Profit Organization. We are an organization with members who are interested in educating the general public on matters of potbellied pigs and we financially support various local and state rescues as funds permit. The opinions expressed by people in particular articles are not the express opinion of SCAMPP officers or SCAMPP Board of Directors, but are offered to educate, amuse, and stimulate a variety of ideas regarding the care, health, promotion and training of potbellied pigs. We welcome your opinions about the newsletter and encourage you to submit your articles and anecdotes. From our website, you can visit other websites by following hyperlinks to various sites. While we strive to provide only links to useful and ethical websites, we have no control over the content and nature of those sites, and the links to other websites do not imply a recommendation of SCAMPP and it's Board Members. SCAMPP receives no advertising fees, sales percentages or funds from those sources.

**MISSION STATEMENT:** SCAMPP exists to promote advocacy and support towards obtaining the best quality of life for miniature pigs and preventing cruelty toward them; awareness and education among the public and for pet owners, with special emphasis on responsible ownership and their medical, rescue and emergency needs.
